Brigadier Gibbs: "Au Revoir"

Le 29 avril, le commandement de la zone de Nicosie passait au Brigadier A.J. Tedlie, DSO, CD, dont l'état-major était arrivé la semaine précédente. Tous, au 1er Bataillon 22e Régiment, seront heureux de servir sous ses ordres.

Avant de quitter la zone de Nicosie, le Brigadier R.C. Gibbs, DSO, MC, commandant du 16th Parachute Brigade Group publiait en français un ordre du jour reproduit ci-dessous.

"En remettant le commandement de la zone de Nicosie, demain au Brigadier Tedlie et à son état-major canadien, je voudrais remercier tous les soldats de l'appui énorme qu'ils m'ont accordé.

"Bien que le fardeau soit

porté principalement par votre commandant, officiers et sous-officiers, chaque soldat a accepté beaucoup plus de responsabilité qu'à l'ordinaire.

"Ce fût une tâche ardue, difficile et vraisemblablement pas encore terminée. J'ai été impressionné par la patience, le courage, la vigilance et la bonne humeur avec laquelle vous avez accompli votre tâche en dépit des provocations nombreuses. Peut-être la tâche la plus difficile fût de vivre si près de la situation présente et de demeurer neutre et divorcé de la politique. Je vous félicite tous pour votre comportement devant cette situation.

"Je vous souhaite bonne chance et j'espère que les

efforts que vous avez apportés seront fructueux. Ces efforts méritent certainement un succès."

Le bataillon fût heureux de servir sous le commandement du Brigadier Gibbs et tous ses membres prennent cette occasion pour lui souhaiter bonne chance et lui dire au revoir.

28 April 1964

"His Beatitude the President has told me that he wants a political solution to the problem of Cyprus under peaceful conditions and he wants peace and normality immediately in the country and that he is prepared to assist the UNFICYP in every way to achieve this aim.

"Similarly His Excellency the Vice-President has reassured me that peace and normal conditions to the maximum possible extent is his aim and he is convinced that peaceful conditions are essential to negotiate a political solution.

"It is my firm belief now, that peaceful conditions can be restored and maintained in Cyprus and we in the UNFICYP will work relentlessly to bring about active measures to reduce tension and eliminate fear and assist in every possible way towards achieving quiet and peace in the island.

"I APPEAL TO ALL THE CITIZENS TO REFRAIN FROM ANY ACTION THAT WOULD DISTURB THE PEACE AND TO DO EVERYTHING POSSIBLE TO PROMOTE GOOD WILL."

UUTISIA SUOMEKSI

Yhdistyneiden kansakuntien joukkojen yhteinen tiedotuslehti "THE BLUE BERET" — sininen baretti — ilmestyy painettuna keran viikossa. Se on pääasiassa englanninkielinen, mutta siinä on myös kirjoituksia muilla YK:n joukkoihin kuuluvien kansallisuksien kielillä. Koska "THE BLUE BERET" issa on mahdollista julkaista kaikkea uutisaineistoa eri joukko-osastojen kielillä, on englanninkielistä taitamattomien pyydettävä apua kielitaitoisilta tovereiltaan.

Kotimaan ja ulkomaiden uutiset ovat saatavissa melko tuoreina kunhan posti alkaa säännöllisesti kulkea. Täten joukot voivat selvillä Kyproksen tilanteesta myös omien lehtien välityksellä. Pataljoonaa on tilattu noin 30 eri sanomaa ja aikakauslehteä Santahaminassa suoritettun kyselyn perusteella. Helsingin Sanomat ja Uusi Suomi pyritään saamaan Kyprokselle jo ilmestymispäivän iltana.

Muut sanomalehdet — myös maakunnalliset — sekä aikakauslehdet lähetetään rautateitse ja silloin tällöin lentopostina, jos kuljetuskoneissa on tilaa. Lisäksi pataljoonassa ilmestyy aina tarpeen mukaan oma pieni monistettu tiedotuslehti, jolla toistaiseksi ei ole nimeä. Joukkojen vapaa-ajan viihtyisyydestä on myös pidetty huolta. Pataljoonan käyttöön on Suomessa varattu palloja eri pelejä varten. Pesäpallovarusteet on kahdelle joukkueelle. Mukana on mm. painonnostovälineet, nyrkkeilyhansikkaita ja yleisurheiluvälineitä. Kun joukot ovat ryhmittyneet, voidaan nämä välineet jakaa. Laajan kirjaston lisäksi on Suomesta otettu mukaan mm. shakkipelejä, tikkatauluja, elokuvamateriaalia jne. Miten paljon mukana otettuja välineitä käytetään riippuu miehien omasta aloitekyvystä. Pataljoonassa on urheilukilpailujen ja -sarjojen järjestämiseksi urheilulupseeri. Järjestettävien ur-

heilu- ja viihdytystilaisuuksien määrä riippuu siitä, miten kovaksi palvelu Nicosiassa muodostuu.

Pataljoonan kuljetus Suomesta Kyprokselle on sujunut hyvin ja koko pataljoona on jo koossa. Toivottavasti kaikki ovat päässeet perille kärsimättä ilmasairaudesta. Välilasku Evereux'issa Ranskassa on varmaan jäänyt kaikkien mieleen. Se oli monelle miehelle lyhyt ensikäynti Ranskaan. Toivottavasti Kypros ja Välimeri eivät ole tuottaneet kenellekään pettymystä, eikä Välimeren vesi ole ollut liian kylmää. Tiistain sade on katsottava erittäin harvinaiseksi Kyproksella tähän aikaan vuodesta ja se merkitsee paljon tälle saarelle. Sade oli myös omiaan sitomaan pölyä, joka oli tunkeutumassa joka soppeen ja sopukkaan.

Lopuksi haluaa "THE BLUE BERET" omasta puolestaan toivottaa suomalaiset tervetulleiksi Kyproksella jo olevien joukkojen pariin.

CYPRUSCOPE SORRY NO NURSES!

It is with great disappointment that we have to announce that there are NO female nurses with the Austrian Hospital Unit!

This is probably a good thing for the unit as it would understandably have become full up with soldiers suffering from all sorts of inexplicable pains and illnesses!

WHATS IN A NAME?

"Is a Cypruscope an instrument used in Science?" said a 12 year old.

"No! that's a Kaleidoscope" proudly replied his knowledgeable sister (she was only 6)!

One reporter on hearing the name "Cypruscope" commented in an American drawl "Say, is this wide screen or color?"

We are beginning to wonder what a "Cypruscope" is ourselves. Readers are invited to help us by sending in their ideas. If you do not want publicity please put a large cross through your letter!

Den svenska FN-trupp, som under major Thord Langes ledning ingrep i eldstriden vid Timi, är värd allt erkännande. Trots upmaningen att sluta skjuta och trots att det per högtalare klart talades om att det var svensk FN trupp, som var i aktion, ökades eldgivningen och lades om så att den direkt var livshotande för de svenska soldaterna.

I enlighet med de i strukturer som delgetts alla i den svenska kontingenten beslöt major Lange att undanröja hotet genom att avvärja den styrka som besköt svenskarna. Alla man hade också tydligen läget allvar fullt klart för sig, ty beslutet genomfördes sedan med en fasthet och kraft som var imponerande och där ingen vek undan ens för ett ögonblick. De förräddade krypskyttarna drevs fram ur sina värn och samlades ihop till en öppen plats i centrum av byn och beordrades där att lägga ned sina vapen. Även denna order åtyldes av de flesta medan i en del fall vapnen fick

REPORT BY THE SECRETARY-GENERAL TO THE SECURITY COUNCIL ON THE OPERATION OF THE UNITED NATIONS PEACE-KEEPING FORCE IN CYPRUS

On the 29th April the Secretary-General of the United Nations reported to the Security Council that the one month in which the UNFICYP had been operational had been devoted to the deployment of the force, to intensive efforts to prevent a recurrence of fighting and to contribute to the maintenance and restoration of law and order in accordance with the mandate given to the force by the Security Council.

"Ultimate responsibility" said U THANT "for a return to normal conditions in Cyprus must, obviously, rest primarily with the authorities and people of Cyprus themselves, since normality can come about only as a result of a determination by the two communities, so many of whose members on both sides are now armed and active as a sort of loosely organized militia, to lay down their arms and seek to live again in peace".

"Since the United Nations Force became operational in Cyprus, there have been a number of isolated incidents of shooting in which innocent civilians have been the victims, incidents which have been utterly senseless and are disturbing in their indication of an attitude of irresponsibility and callousness toward human life on the part of those doing the shooting".

After stating that the number of missing persons is ever increasing and the fact that the United Nations cannot be indifferent to the savage acts which are occurring the Secretary-General went on to say:- "UNFICYP, on its part, has the duty to take all possible steps available to it which might facilitate the resumption of normal life in Cyprus. It must seek always to prevent a recurrence of fighting, while also taking reasonable initiatives designed to lead to a return to conditions in Cyprus under which an ordinary man may move about freely and carry on with his day's work without fear or hindrance. Only slight progress has been made so far toward implementing this third aspect of UNFICYP's mandate.

Stressing the need for intensive discussions and negotiations with the parties concerned U THANT said "The mission in Cyprus needs urgently to be strengthened by the addition of a top-level political officer, who, on behalf of the Secretary-General, could conduct negotiations for the

Aktionen har skapat förtroende för FN:s förmåga att ingripa och reaktionen bland civilbefolkningen i Timi har enbart varit positiv.

Kontingentchefen överste Waern har i ett telegram tackat major Lange och hans trupp för ett föredömligt uppträdande.

implementation of the programme outlined below".

"General GYANI, in pursuance of my instructions and, indeed, in accordance with his own views, has consistently sought to achieve the desired and defined objectives of the peace force in Cyprus by peaceful means, that is without resort to armed force, the arms of the force being carried only for the clear purposes of self-defence. Despite concerted effort by General GYANI and the force, and my own earlier appeals, fighting persists in Cyprus, with lives of Cypriots — Greek and Turk alike — being needlessly and pointlessly sacrificed.

"I wish here to emphasize my view that the United Nations Force was despatched to Cyprus to try to save lives by preventing a recurrence of fighting. It would be incongruous, even a little insane, for that force to set about killing Cypriots, whether Greek or Turkish, to prevent them from killing each other. Yet, that is exactly the dilemma which is almost confronting General GYANI in Cyprus today.

"On the other hand, the force cannot stand idly by and see an undeclared war deliberately pursued, or see innocent civilians of all ages ruthlessly struck down by sniper's bullets. In view of the Security Council's objective of ending fighting, the action at St. Hilarion of the past few days is especially serious since it clearly was a planned and organized military effort.

"The mere presence of the United Nations peace-keeping Force in the island and its day-to-day efforts at military level to prevent or stop armed clashes and to help in the maintenance of law and order are not enough to effect the kind of improvement in the over-all situation which can really bring about a basic relaxation of tension and a fundamental betterment of deplorable conditions of fear, insecurity and distress in which very many of the inhabitants of Cyprus now live. Such an improvement is also vital if the efforts of the Mediator to promote a peaceful solution of the problem are to bear fruit. On the other hand, in the prevailing climate of mistrust and hostility, the communities concerned in the Cyprus problem are themselves often inhibited from taking the kinds of initiative which might lead to a substantial reduction of tension and conflict."

SUGGESTED ITEMS FOR A PROGRAMME OF ACTION

1. Achievement of freedom of movement on all roads in Cyprus, including the Kyrenia Road.
2. Achievement of freedom of movement for all communities within the whole town of Nicosia and other cities under conditions of security.
3. Progressive evacuation and removal of all fortified positions held

by Greek and Turkish Cypriots, with priority given to Nicosia.

4. Examination of the problem arising from the division that has taken place in the Cyprus police between the Turkish Cypriot and the Greek Cypriot members and the negotiation of necessary measures for their progressive re-integration.
5. The progressive desarming of all civilians other than the regular police gendarmerie and the Cyprus army by the Cypriot Government and Turkish community. UNFICYP, if requested, would assist in facilitating and verifying the disarming and storage of arms under conditions of security.
6. The control of extremists on both sides.
7. The formulation of appropriate general amnesty arrangements.
8. The arrangements of security measures and other necessary conditions to facilitate return to normal conditions and particularly of economic activity.
9. The facilitation of return of the Turkish Cypriot civil servants and government officials to their duties, including the public services, such as postal, telecommunications, public works, etc.
10. The normal functioning of the judiciary.

INTERIM AIMS

While efforts to make progress on the above points continue, certain interim aims should also be established and pressed in selected localities and on particular problems. Some of these suggested are.

1. The removal of emplacements, fortifications and trenches in Nicosia.
2. A determined effort in parts of Nicosia to re-establish normality by returning to their homes, under United Nations security guarantee, refugees, as for example, those from Hamed Mandres to Omorphita who would not carry arms, and attention to the rehabilitation of their dwellings.
3. A careful formulation of ways in which UNFICYP might be helpful in meeting the problem of the excesses by individual policemen in the course of searching and seizing civilians which at present causes much tension.
4. The institution of procedures for enquiry into every serious instance of shooting, especially when casualties occur.
5. The elaboration of a plan for the re-integration with UNFICYP assistance and guarantee, of the Turkish Cypriot policemen into the Cyprus police force.

And also the use of UNFICYP offices for the resumption of essential public utilities, the return of Turkish Cypriot officials to Government service and the revival of meetings of Greek and Turkish Cypriots, both official and non-official at all levels to help restore confidence and promote a return to normality.

LE COIN DU 22e

Pour la première fois depuis la publication du "Béret Bleu" les gars du 22e auront un article publié en français. Une colonne servira à informer les nôtres de quelques nouvelles au sein du bataillon et du Canada. Il est à espérer qu'une colonne y apparaîtra régulièrement.

Il y a déjà un peu plus de six semaines que les premiers membres du bataillon descendaient à Chypre afin d'y remplir la tâche pour laquelle tous se préparaient depuis presque trois ans. Cette préparation, si on en juge par le travail accompli jusqu'à maintenant n'était certainement pas sans valeur. L'ardeur que tous et chacun ont mis à leur travail, quel qu'il soit, ne mérite que des félicitations.

Deux jeunes officiers sont arrivés vendredi dernier; il s'agit des lieutenants Jean-Guy Bernard et Pierre Roberge tout à fait reconnaissables par la blancheur de leur peau.

Un premier groupe ayant bénéficié de deux jours de repos à Famagouste en est revenu enchanté. Tous ont eu l'occasion de se baigner dans la Méditerranée et de se faire "griller" au soleil. On dit qu'il fait bon de dormir dans un lit et plusieurs désireraient quitter à jamais leur sac de couchage.

CANADIANS RELAX

Tuesday the 28th of April saw the beginning of the first of a series of 48 hour rest periods by Canadian Troops serving in Cyprus. The initial group of 28 soldiers of the 1R22eR travelled to Famagusta for a two day holiday on the beach. Transport is provided by DND while accommodation is financed by the individual.

3rd Headquarters and Signal Regiment

This Regiment is the major communications unit of 3rd Division, the British Strategic Reserve formation in the United Kingdom. The unit is at present manning and operating the communications centre at HQ UNFICYP and has detachments at many important locations in the United Nations area.

It also provides administrative services for the whole Headquarters including accommodation, transport, messing, pay and provisions of all stores, clothing and equipment. Detachments from the Regiment have been in Cyprus since the present troubles started last Christmas.

IRISH SOLDIERS VISIT SALAMIS

Four soldiers of the Irish Contingent of UNFICYP looking round the Gymnasium at Salamis. They are from left to right Tpr. Shaughnessy (1st Armoured Sqdn) from Co. Kilkenny, Cpl. Cronin (D.O.D.) from Dublin, Color Sgt McDermott (Military Police 40th Bn) from Nass and Pte Murphy (40th Bn) from Co. Cork.

Shown above are members of the Irish contingent of UNFICYP visiting the ruined City of Salamis. The city which was once the capitol of Cyprus and one of the leading Cities in the Eastern Mediterranean, second only to Athens, is located on the East Coast about 5 miles North of Famagusta, and is very close to the Irish Contingent camp.

The site is still being excavated and an amphitheatre, which it is estimated could have held up to 20,000 people, is now under reconstruction.

Near the theatre are the remains of a Gymnasium and Baths built by the Romans over the original Greek building.

According to tradition, Salamis was founded in 1184 BC., after the end of the Trojan War, by Teucer, son of the King of the Greek island of Salamis. Teucer had been forced to leave his native land by his father, who blamed him for failing to prevent his brother Aneas from committing suicide at Troy.

Salamis became prosperous and famous. It was here that St Paul together with St Barnabas, who was a native of Salamis, first preached the gospel.

Other remains which have been discovered are a Roman villa, a Byzantine cistern, a large Roman market place and a Temple of Zeus.

THE PRESS CORPS

To be a correspondent or a cameraman in Cyprus at the moment seems to be as dangerous as being a peace-keeping soldier.

As soon as the fighting broke out in the Kyrenia hills a whole convoy of press cars streamed out of Nicosia.

Racing as if they were in the Monte Carlo Rally they swarmed up towards the pass. Armed only with pencils and cameras they were determined to get a story — perhaps a scoop that would ensure their livelihood as a newsmen.

In Cyprus now there are about 60 pressmen who are here because of the recent troubles. There are representatives from all the UNFICYP countries and from France, USSR, Switzerland, Germany and USA.

FINNISH CONTINGENT

Commanded by Lt. Col. Volevi Kettinen and consisting of about 990 officers and men, the Finnish contingent of UNFICYP began to take over its responsibilities in the city of Nicosia on 2 May and was completed to - day.

One company of the contingent has taken over positions in the Omorphita area in the north eastern part of Nicosia from the 1st Battalion of the Sherwood Foresters of the British Contingent of UNFICYP.

To-day two companies of the Finnish Contingent travelled by bicycle from the Dhekelia camp to Nicosia. This move was closely followed with great interest by members of the Press Corps and there was a fine welcome for them as they arrived in Nicosia at 07.40 hrs this morning. Bicycles will be used by some companies of the Contingent in Cyprus not only because they are a standard mode of travel of sections of the Finnish Army, but also because it is considered that these vehicles will afford special mobility on the island, particularly in the urban area of Nicosia.

The two companies who arrived to-day will take over the western Nicosia suburb of Ayios Dhometios, west of the Pedieos River, from the 1 Parachute Battalion of the British Contingent. In addition, a Finnish platoon will be sent to Ayia Irini, near the north west tip of the island.

The contingent will establish its headquarters in the eastern part of Nicosia.

A few weeks back an amusing episode occurred in the Ledra Palace Hotel. Someone went round to all the pressmen at 4 a.m., woke them up and told them that Nicosia was going to be lively very soon. Eager for the first picture and story they all got up and waited... and waited. But nothing happened. It was the quietest day for weeks!

On going to his room recently a reporter found an armed man under his bed. Quite calmly he rang through to the hall - service, told the man that he hadn't ordered that and would he please have him removed!

One reporter must find it very hard to get his stories for he has no driving licence and has to go places on a bicycle!

SOLDIERS AND FARMING

Onissia Farm near Dhikomo on the southern slopes of the Kyrenia range is the scene of a human touch in the peace-keeping operations of the United Nations Troops, for it is here that soldiers have taken over the duties of farmers.

British troops of the 1st Battalion The Parachute Regiment were the first to take on the responsibility of the farm. Pte. Eric WILLIAMS known to his friends as "Dobbin" looked after a large number of pigs, milked cows, and tended chickens and rabbits. Pte WILLIAMS, 24, from Brookland near Romney, Kent, has been in the army for 6 years having spent 3 years farming before joining. He was assisted by Pte. Michael MURRAY of the same battalion. He is from Inverurie, Aberdeenshire, Scotland, and before his 3 years in the army was a dairy farmer. Pte MURRAY helped to milk the cows and muck out the pigs. Before leaving the farm they both stood by during the night whilst a cow gave birth to a heifer.

Recently a section of the Royal Canadian Dragoons have taken over this United Nations position. Although the main task of the soldiers is to carry out patrols and escorts they manage to keep the farm going when they have time.

L/Cpl Ronald GREENWOOD, 26, from Fairvale Station, King's Country, New Brunswick, has taken on the main task. Apart from two weeks farming when he was fourteen he has had no previous experience and picks up the work as he goes along. He is helped by 19 year old Trooper Michael SMITH from Cornwall, Onta-

rio, and Trooper Wayne NICKERSON from Springfield, Nova Scotia. Neither of them has had any previous experience on a farm but they are enjoying this new venture.

The farm is the only collective farm in Cyprus and is normally run by eleven families.
